

Interesting Papers in Other Journals

Analytical Chimica Acta

Vol.376, No.3, 1998

K.SATYANARAYANA and others: Determination of Scandium in geological materials, rare earth minerals and niobate/tantalate - type of samples by inductively coupled plasma atomic emission spectrometry after solvent extraction/acid hydrolysis separation. pp.273-281.

Current Science

Vol.75, No.12, 1998

V.P. UPADHYAY: Regulation and control of groundwater management and development. pp.1287-1288.

RAJESH K. VISHWAKARMA: Cambrian life explosion in fray: Evidence from more than 1 b.y. old animal body fossils and skeletonization event. pp.1297-1300.

RANADIP BANERJEE: Mineralogical and geochemical characters of surface sediments from the central Indian basin. pp.1364-1371.

Vol.76, No.1, 1999

M.THANGARAJAN: Quantification of pollutant migration in the groundwater regime through mathematical modelling. pp.73-81.

Vol.76, No.4, 1999

K.S. BIST and M.P.SAH: The Devastating landslide of August 1998 in Ukhimath area, Rudraprayag district, Garhwal Himalaya. pp.481-484.

S.K. PAUL and A.K. MAHAJAN: Malpa rockfall disaster, Kali Valley, Kumaun Himalaya. pp. 485-487.

K.S. VALDIYA: Rising Himalaya: Advent and intensification of monsoon. pp.514-524.

Vol.76, No.5, 1999

N.R. KARMALKAR, R.A. DURAISWAMI, W.L. GRIFFIN and S.Y. O'REILLY: Enigmatic orthopyroxene-rutile-spinel intergrowth in the mantle xenoliths from Kutch, India. pp.687-692.

Geology

Vol.26, No.10, 1998

P.R.HIDEBRAND and others: Tectonic significance of 24 Ma crustal melting in the eastern Hindu Kush, Pakistan. pp.871-874.

RHIANNON GEORGE and others: Earliest magmatism in Ethiopia: Evidence for two mantle plumes in one flood basalt province. pp.923-926.

Vol.26, No.11, 1998

STEPHANIE PICARD and others: $\delta^{18}\text{O}$ values of coexisting brachiopods and fish: Temperature differences and estimates of paleo-water depths. pp.975-978.

Vol.26, No.12, 1998

CHRISTOPHER D. HENRY and DAVID R. BODEN: Eocene magmatism: The heat source for Carlin-type gold deposits of northern Nevada. pp.1067-1070.

MARK MASLIN and others: Sea-level-and gas hydrate-controlled catastrophic sediment failures of the Amazon Fan. pp.1107-1110.

GSA Bulletin

Vol.110, No.12, 1998

ALLISON MACFARLANE and SHERYL LUZZADDER-BEACH: Achieving equity between women and men in the geosciences. pp.1590-1614.

Typeset by B.R. Krishna, printed by M. Nagaraju and published by M. Ramakrishnan on behalf of Geological Society of India and printed by Pragati Graphics, 22/1, 3rd Main Road, Vinayaknagar, Bangalore - 560 050 and published at Bangalore - M. Ramakrishnan.
